EDUCATION

IILM University
B.Tech in Computer Science

Greater Noida, Delhi
Aug. 2024 – May 2028

School of Excellence
Senior Secondary Education

Rohini Sec-17, Delhi
Apr. 2019 – Mar. 2023

EXPERIENCE

React Developer
Growth99.com

July 2023 – August 2024
Salt Lake City, Utah, USA

- Integrated analytics KPIs into the website, implementing charts using React-Chart and connecting backend API calls.
- Developed an interactive image gallery with seamless backend integration.
- Designed and launched multiple landing pages to enhance user engagement and conversion rates.
- Revamped website UI to significantly improve user experience and drive engagement.

Landing Page Developer
Growth99.com

July 2023 – August 2024
Salt Lake City, Utah, USA

- Completed over 250 landing pages for several businesses.
- Trained new team members on HTML, CSS, and Bootstrap.
- Created multiple landing page templates for various businesses.

PROJECTS

Airbnb Clone - Github | *React, Express, Node.js, Mongoose, AWS, TypeScript*

March 2024 – Present

- Developed a full-stack web application using Node.js, Express, and a REST API, with React and TailwindCSS for the frontend.
- Implemented email and password authentication using JWT and cookies.
- Added complex Mongoose queries with infinite scroll functionality.
- Utilized Cloudinary for image storage.
- Integrated map view using Leaflet to show nearby locations.
- Used React Hook Form and TypeScript for enhanced type safety.
- Set up a CI pipeline with linting checks on GitHub.

Solana Web3 Wallet - Github | *Next.js, Solana, ShadCn, TypeScript*

Sept. 2024 – Present

- Developed a web-based Solana wallet using Next.js, Solana, TypeScript, and ShadCn.
- Implemented local authentication using a password.
- Integrated seed phrase, public key, and private key generation, allowing multiple accounts from the same seed phrase.
- Displayed user balances and provided the ability to request airdrops on devnet.

Movie Mint - Github | *React.js, Bootstrap, TMDB API*

May 2023 – May 2023

- Developed a website displaying movie details using the TMDB API.
- Added search functionality with API integration.
- Created a movie details page using React Router.
